

APC: Interim Report Summary

- 2 pages.
- *No marks*. But it is used to scale the 10-page conference paper.
- You can start to use the paper format that was put on the web.
 - <http://www.cs.usyd.edu.au/~josiah/pie#assessment>

Slide 1

APC: Interim Report Content

- Introduction
 - The motivation, the context,
 - What specific issues need to be addressed?
- Related Work
 - What are the related work?
 - What are the things that you think they haven't properly covered.
- Method
 - Describe how you solve this problem
 - Assumption, limitation and scope
 - What technologies
 - What alternatives have you considered? And why not these other options?
 - How is your system different from **and better than** the others?
 - What problems have you encountered?

Slide 2

APC: Interim Report Content (cont'd)

- Plan of Evaluation
 - What experiments have been planned? What are the objective of each experiment?
 - How do you measure the success of your implementation? Quantitative? Qualitative? Or both?

Slide 3
